How old the debt is

AGE BUCKET	AMOUNT	% OF TOTAL	WHAT TO DO
Current	£4,050.08	40.0%	Not due yet, or due this week. Leave it.
31-60 days	£1,975.00	19.5%	Ring them. A phone call at 40 days beats a letter at 70.
61-90 days	£2,860.00	28.2%	Put it in writing. Ask for a payment date.
90+ days	£1,240.00	12.2%	Stop work if you can. Consider a statutory demand.
Total outstanding	**£10,125.08**	**100.0%**	This must agree with the balance total above.
Settled this period	£2,415.85		Money actually received against settled invoices.
Retention held (memo)	£143.67		Not overdue and not in the buckets - but it is your money.
CIS deducted to date	£383.80		Claim it back on your return. Keep every statement.

Worked example. Every name and number is made up to show how the sheet works.

How to use this statement

Five minutes on the first working day of the month.

The colour code

Blue on cream	an input — change these
Black	a formula — leave alone
Green	a link to another sheet

The four buckets

BUCKET	WHAT IT MEANS	WHAT TO DO ABOUT IT
Current	Nought to thirty days old. Not late.	Nothing. Leave it alone.
31-60 days	Past your terms. Still normal in construction.	Ring them. Ask when it is going out.
61-90 days	Late. This is where money starts to disappear.	Put it in writing. Ask for a date.
90+ days	Bad. Assume you will have to fight for it.	Stop work if you can. Take advice.

The three things people get wrong

·	Retention is not in the buckets. It is not overdue, but it is money you have not got. It sits on its own line so nobody forgets it.
·	CIS deducted is not a bad debt. The contractor paid it to HMRC in your name. It comes back on your return, so long as you have the statement.
·	Age from the invoice date, not the date you got round to sending it. If those two dates are different, that is the thing to fix first.
