MTD readiness checklist.

Eight steps from shoebox to ready. Tick them off in one afternoon, and day one becomes a non-event.

1. **Find your date**
   Over £50k gross: you are in now. £30k: April 2027. £20k: April 2028. Gross counts BEFORE CIS deductions come off.

2. **Separate the money**
   One business bank account, personal spending out. Everything after this step gets easier.

3. **Go digital on records**
   HMRC-recognised software, not a spreadsheet on its own. Every Klyara plan includes it in the price.

4. **Build the receipt habit**
   Snap every receipt the day you get it. Ten seconds at the counter. This is the whole battle.

5. **Collect CIS statements**
   Keep every monthly deduction statement from every contractor. They are what power your refund.

6. **Authorise your agent**
   Filing through a bookkeeper needs HMRC authorisation on record. Allow a week for the post.

7. **Know the five dates**
   Updates due 7 Aug, 7 Nov, 7 Feb and 7 May. Final declaration by 31 January.

8. **Do a dry run**
   One practice quarter before your start date. Mistakes in practice are free.

Or hand the whole thing to Klyara: records, quarters and the final declaration, done.
Book a free 20 minute call at klyara.com/contact or ring 020 8058 1496.

Dates correct at August 2026. Rules move; check gov.uk or ask us before acting.
