Quotation

QUO-2026-0117 · a worked example, groundworks package

Worked example — not a real job

Every name, number and date on this document is made up to show you how the form works. Klyara has no clients yet and this is not a record of any job. Replace the lot with your own.

The four numbers on this quote.

What we will do, and what it costs

DESCRIPTION	TYPE	AMOUNT
Site strip and dig to formation, 340 sq m	Labour	£2,180.00
Foundation dig and muck away, 46 cu m, to licensed tip	Labour	£2,760.00
Drainage runs and connections, 3 chambers	Labour	£1,640.00
Hardcore, blind and compact to slab base	Labour	£1,420.00
Plant hired in - 1.5t and 3t excavators, 6 days	Plant hired in	£570.00
Materials allowance - Type 1, pipe and fittings	Materials	£370.00
Total, excluding VAT		**£8,940.00**

What is included, and what is not

Read the orange side as carefully as the green side.

VAT: Reverse charge: customer to pay the VAT to HMRC

This work is standard rated construction work reported under CIS, between two VAT registered businesses, so the domestic reverse charge applies. The rate that would have applied is **20%**, which on £8,940.00 is **£1,788.00**. We will not charge it. You account for it to HMRC. If you are an end user, send us a written declaration and we will charge VAT in the normal way.

CIS: £1,600.00 will be held from labour across the job

20% of the £8,000.00 of labour in this quote. Nothing is deducted from the £570.00 of plant hired in or the £370.00 of materials. Each invoice will show the split.

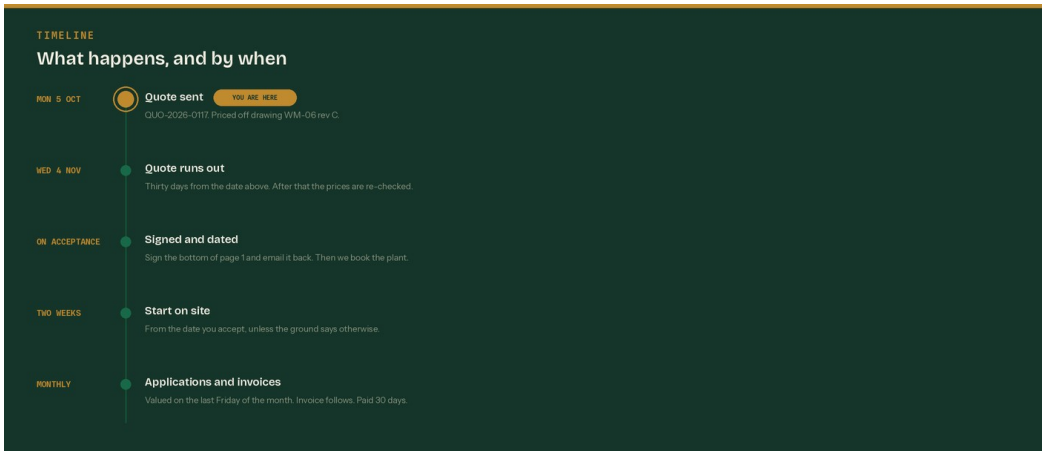

PAYMENT TERMS	RETENTION	VALIDITY
Applied for monthly on the last Friday. **30 days from the date of each invoice.**	5% held to practical completion.	This price holds until 4 November 2026. After that we re-check it.

To accept this quotation

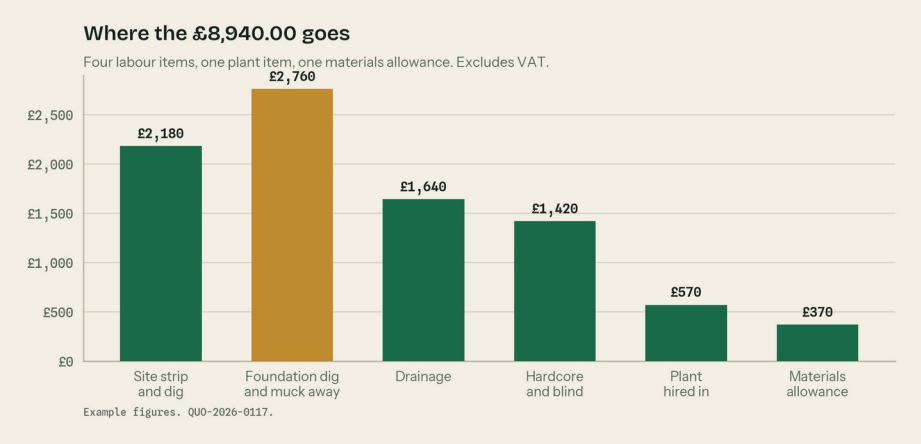

Sign below, write the date and your purchase order number, and email this page back to **accounts@hatchergroundworks.co.uk**. We will confirm the start date within two working days.

What happens, and by when

From quote to first payment.

Where the £8,940.00 goes. The foundation dig is the biggest item.

Labour against everything else. Labour is the part CIS comes off.

The rules behind this quotation

A quote is a fixed price. An estimate is a guess.

If you write **quote** at the top you are offering to do the job for that money. If the ground turns out worse than the drawing said, you carry it unless the exclusions cover you. If you are not sure of the scope, write **estimate** and say what it is based on.

Always put a validity date on it

Thirty days is normal. Materials and plant prices move. Without a date the customer can hold you to a price you gave last spring.

Exclusions are the whole game

Most arguments on site are about something nobody wrote down. The orange panel is not you being difficult. It is you being clear.

Say what the VAT does

Where the reverse charge applies, say so on the quote as well as the invoice. The customer needs to budget for cash, and reverse charge changes their cash. The wording is **"Reverse charge: customer to pay the VAT to HMRC"**.

Say what the CIS does

If the customer is a contractor and you are paid under deduction, they will hold **20%** of the labour. On this quote that is **£1,600.00** across the job. Say it now so nobody is surprised on the first payment.

WHERE THIS COMES FROM

Checked against gov.uk on **Wednesday 26 August 2026**. If a rate changes, the wording stays the same and only the number moves.
