- Cars and vans: the first 10,000 business miles went from 45p to 55p on 6 April 2026. Everything after 10,000 miles stays at 25p.
- The 10,000 miles is per tax year, 6 April to 5 April, and it counts cars and vans only. Put what you have already claimed in the box at the top and the sheet picks the right rate.
- The passenger rate is 5p a mile for each colleague you carry, where the journey is business for them too.
- You cannot reclaim VAT on the mileage rate itself. You can reclaim VAT on the fuel part of it using HMRC advisory fuel rates and a fuel receipt. Ask us before you try it.
- Home to your normal place of work is not a business journey. Guildford to a site is.
- No receipt, no claim. Photograph it the day you spend it.
